DETAILED ACTION

Allowable Subject Matter

1. Claims 17, 21, and 24 are allowed.
2. The following is an examiner's statement of reasons for allowance: Claims 17, 21, and 24 are allowable because of the apparatus with a plurality of speed reducing gears meshing gear teeth with a part of the outer periphery of one of the gears having no gear teeth as set forth in the claims. None of the prior art cited discloses an apparatus that incorporates the use of a plurality of speed reducing gears meshing gear teeth with a part of the outer periphery of one of the gears having no gear teeth allowing the speed reducing gears to disengage thereby automatically stopping transmission of the drive force. Therefore, in view of what has been stated above, the claims are allowable over the art of record.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
